Helping Senior Dogs

What are your feelings about dogs getting on furniture?

Even house trained dogs can have accidents while adjusting to a new environment. Are you ok with this?

If necessary, are you willing to use a crate temporarily to reinforce housetraining?

Have you ever given up a pet? If so, explain.

Are there any circumstances that would cause you to return a dog to the rescue organization?

In general, dogs may need up to two weeks to adjust to a new home. Excluding risk of harm, are you willing to provide this?

Under what circumstances do you believe euthanasia is appropriate?

Are you willing to have a representative of K.A.R.F come to your home to see where the dog will be living?

Are you financially able and willing to provide quality food, shelter and medical care, including, but not limited to: yearly exams, any necessary blood tests, dental cleanings as needed, risk-appropriate vaccinations, treatment of parasites, fleas and ticks with non-over the counter products, monthly heartworm prevention and prompt treatment of illness and injury?
